

# International Railway Safety Council Conference

13 - 18 October 2019 | Hyatt Regency Perth

## Delegate Profile

The International Railway Safety Council (IRSC) annual meeting is a forum that brings together rail safety professionals from around the globe in order to exchange information and provide experiences and lessons for improving rail safety and is exclusively devoted to rail safety issues. The delegate audience will include (not limited to):

- Railway safety managers
- Railway infrastructure managers
- Train and tram operators
- Government authorities
- Safety regulators
- Accident investigation agencies
- Railway worker trade unions
